

Executive Director Update – Steve Earnest

- ***Facility –***

- *Cleaning* – the facility “crew” continues to take extra care to clean and disinfect high-touch surfaces. It has become more imperative now that the conference center is open, and staff are returning.
- *Generator* – We received one estimate for a backup generator. This estimate is for \$64,000 and covers the “old” print shop and the conference center spaces. Alpine Electric is still working on two additional quotes. One quote is to include the Mid-Ohio ESC, New Store and former MVNU spaces. The other quoted will include the entire facility.
- *Mezzanine/Records Disposal* – The maintenance crew and fiscal office have worked diligently to identify old records for disposal. I would estimate that close to 400 paper sized boxes are being presented for disposal. Later in the fall other departments will be reviewing their stored records as well.

- ***MOCC –***

- *Events* – during the month of August the following events are scheduled:
 - Bus driver in-service
 - Two wedding receptions
 - *Locksmith training*
 - *ChemTech training*
 - *Numerous District meetings*
 - *New Store dressing days*
 - *Yoga*
 - *Various Mid-Ohio & community meetings*

- ***Fingerprinting-***

- We are still fingerprinting by appointment only. Most days the appointment book is full. According to our fingerprinting staff, they feel safe working in the environment that was created for them.
- Year-to-Year Comparison:
 - July 2019 – 266 prints, \$3,462
 - July 2020 - 178 print, \$2,802

- ***Miscellaneous-***

- PPE - Mid-Ohio was allocated approximately 20,000 masks for its client districts. Our maintenance picked up the masks from the ESC of Central Ohio (Columbus) and distributed them to our client districts.
