Paolo DeMaria, Superintendent of Public Instruction

**FY22 School Psychologist Intern
Project Award Notification Letter**

August 5, 2021

Kevin Kimmel, Superintendent
Mid-Ohio ESC IRN 123521
890 W 4th St
Old Washington, Ohio 43768

Dear Superintendent Kimmel;

The Ohio Department of Education Office for Exceptional Children, through the Ohio House Budget bill, annually provides funds to support activities pursuant to implementing the Individuals with Disabilities Education Improvement Act (IDEA 2004). This communication announces that funding is awarded to support 1 School Psychologist Intern(s) at \$30,824.24 per intern and has been added into the CCIP. These School Psychologist Intern funds can be used to support interns' salary and appropriate professional development, such as the Ohio School Psychologist Association's fall and spring conference.

After completing and signing the attached Scope of Work document, save it in a location on your computer to then be uploaded into the Comprehensive Continuous Improvement Plan (CCIP). The CCIP may be accessed by logging into your OH ID account and opening the CCIP application. From the CCIP application, the user may view the funded applications available. Please click on the School Psychologist Intern project link to access the application. It is in the CCIP that the district/ESC will complete the budget portion of the application.

The funding application substantially approved date will be the date in which the authorized representative submits the application into the CCIP.

If you need help with determining the content of your grant work, your program contact, Bernadette Laughlin, at bernadette.laughlin@education.ohio.gov can provide that assistance. For budget questions or CCIP technical assistance, email your fiscal contact, Mark Lynskey at Mark.Lynskey@education.ohio.gov.

Sincerely,

Jo Hannah Ward, M. Ed., LPCC Director
Office for Exceptional Children
