What does a Family and Community Liaison Do?

The Family and Community Liaison is an employee of the Mid-Ohio ESC. It is the liaison's role to serve as a link between community resources and the Mid-Ohio ESC's school districts; to help offer a network of supports to our families. This new program is a no-cost service for schools through federal funding known as the CARES Act.

LIAISON ROLE

- Initial GAPS analysis survey identified “Students with Special Needs” as our focus area for vulnerable youth.
- Form a council with at least one designated school district member to attend monthly meetings (via zoom) to collaborate on community resources and problem solve for our families
- Encourages and arranges for communication between you and your district staff about community resources
- Will work with school staff and the community to determine student and family needs
- Attends conferences/meetings

SCHOOL ROLE

- The school will identify students in need
- Collaborate with liaison and committee to plan supports in and out of school
- Monitor student's success; collaborate with liaison for ongoing support

Please provide information for at least one person in your school district that you would like to serve on the Mid-Ohio ESC Family and Community Engagement Committee.

Name of School District:_____

Name of staff member to serve on committee:_____

Staff member's school role/title:_____

Staff member's phone number:_____

Staff member's email address:_____

Please return this form to Kevin Kimmel before you leave today, thanks!
