Subject: Letter of Resignation

To the Superintendent,

Due to my surgery and recovery time post-surgery, I have discussed with my surgeon and primary doctor my need to reduce stressors which may impede my recovery. This change in my physical health was not predicted last summer. The recovery period for the hip replacement is approximately 3 months of which I cannot drive. There is much to do with the district that I would not successfully accomplish. Therefore, I am asking to be released from the contract to work in Crestline Exempted Village Schools, so I can heal and recover. My last day of work will be October 31st.

I want to express my appreciation, Mr. Kimmel and Mrs. Crum, for the experience of working with CESD. I have always felt respected and appreciated by you and your staff. At this point in my career, respect means a lot.

Sincerely,
Cathy Csanyi, MA
