### Ohio School Board Association Capital Conference

Mrs. Amber Clay-Mowry and I will be presenting a breakout session at the 2023 OSBA’s Capital Conference on November 13, 2023. Our presentation is entitled *How to Operationalize Your Strategic Plan*. Boards of Education are crucial to the success of a district’s strategic plan. As elected representatives of the families and students residing within district boundaries, members of Boards of Education seek guidance from constituents, listen to feedback from all stakeholders, set the district vision, establish a mission, and refine core values that guide district work. To ensure progress toward meeting district goals, a Board of Education is tasked with specific duties and essential functions.
