The Tomorrow Center is an amazing opportunity to get the help one might need if they are behind in their classes. The staff is amazing and truly care, I have not been able to find as much support from at a school until I came to TC. I've never wanted to come to school but the staff really bring you into wanting to be here and learn. I can't express

The Tomorrow Center is an amazing place, for people of all sorts, and i love being here.

the school is way to strict with technology Ex: phone pouches,only 2 unlocks on a pouch a day, blocked things on computers, unable to customize the computer cosmetically

my school is very helpful and can provide mental health help

Ever since I've changed schools, my grades have had a significant change. But this place doesn't come without it's issues. I've had bad experiences with bullying, the main reason I changed schools in the first place. Sometimes it feels the school excuses the bullies with favoritism. Or sometimes they don't decide to do anything about it because "they can't do anything about it." That has damaged me emotionally. But I do not want to hold grudges, this test is merely to hear the students and get better from their words. I do not wish to stay sour about it, but I do wish for them to hear how I was feeling because it's a scar I have to hold. But despite all that, I have hope for this school to get better.
