

## Board Report May 2022 Achievement & Leadership

### Computer Turn-in and Updates (REMINDER)

Candy Bores would like ALL staff computer turned in for updates and routine maintenance.

- Computers that are not updated will not work on our system after July 31.
- June 13th - July 31
- Turn-in by alphabetical order or by department

### Sound System Update

Candy Bores is working with the selected vendor to update purchasing lists. The work should be complete prior to or the third week of July.

### Attendance Software

A new two-year agreement with AttendanceK12 LLC was forwarded to Chris Miller (owner). Mid-Ohio is waiting for the signed copy of the contract to be returned.

- We have agreed to license your entire consortium for the price of \$2./student. We will be adding back into the quote our one time set up fee due before work begins coding (keep in mind each district is unique in codes and threshold preferences). Additionally we will require 50% of each yearly quote due prior to the start of each school year with the balance due prior to December 31st of the contracted year. You may also choose to pay it all up front.

### Abraxas and FIRST

- Abraxas
  - o Our current population is 85 students, and we served 90 students throughout the month of April.
  - o We have 45 students that are identified as special education students and 7 students on a 504 Plan.
  - o One of our students completed his graduation requirements for Unioto High School.
  - o Our students earned 11 Outstanding Artists Awards at Artapalooza.
  - o Mrs. Pfeifer's Algebra I class placed **FIRST** in an online competition through Magma Math. We will be celebrating them with a Cameo visit from a professional athlete, a pizza party, and presenting each of them with a plaque.

### Esports

Mr. Molyet is working with Candy Bores to purchase equipment. We hope to set up the Esports room in June.

### District Services

- Galion
  - o I continued my work with the administrative team in April. We have one more session scheduled for May.
  - o I am doing the CCIP and federal programs for Galion. They have indicated that they want those services next year.
- Lucas

- BLT meeting in May (maybe)
- Mount Gilead
  - Mount Gilead continues to work through their new strategic plan by having sub-committees create action steps aligned to the Strategic Plan.
- Pleasant
  - High School BLT (No progress)
  - Conducted a meeting with middle and high school staff on the utilization for the new building opening in 2022-23 school year.

### MOESC Emergency Operations Plan

- Mid-Ohio ESC's three-year plan was submitted on May 2, 2022.

Ashland University

I received the on Mission and Vision consulting contract from Ashland University to work with Ravenna Schools. Once Ravenna's Board of Education approves the action at the next BOE meeting, we will begin renewing Ravenna's mission/vision and creating a new strategic plan.
