  - Need 1 FTE TVI
- Parent Mentors:
  - Grant application drafted to sustain two parent mentors for 23-24 school year. Will submit when Entitlement Grants are released. Third Parent Mentor update, Declined by ODE: Response from ODE...  
*The review team looks at several different factors when awarding grants, some of which include time on the waiting list and areas currently unserved by a Parent Mentor. I think I may have mentioned this before, but an option as you are experiencing growth and demand for your Parent Mentors' time is to consider asking your member districts to contribute an amount and increase the hours of your current Parent Mentors that way. That being said, I'll continue to make you aware as any new grant availability comes up.*
- Akron Children's Partnership: Continued progress.
  - Trauma Informed Care & Resilience, PBIS, SEL: Last update from Akron Children's on July 3rd...  
*The contract is with our legal team for creation of the agreement. I (Michele Wilmoth) has a meeting next week with them.*
  - Met with Lisa Riegal to discuss the details of the contract, alignment to the platform JAKAPA and her involvement with the Mid-Ohio region relative to Mental Health Supports. Lisa expressed that she believes she could be a great fit for the new position. She also shared her application that she feels would lend itself with the tenets of the Akron Children's Program.
  - Meeting with Joe Trolan, July 13, 2023 to discuss future collaborations with the Akron Children's Partnership.
