Teachers appreciate the opportunity to learn & network with teachers in the same content areas. This work is continued within the districts alongside support from the teacher attendees and our consultants.
- The T&L team continues to seek input from districts about how we can plan for and meet future needs by continuing to focus on customization. To that end, the team is intentionally focusing on continuing to expand our own areas of expertise.
- We are still waiting for the Ohio release of the 4-12 Dyslexia Modules and other procedures, and resources around statewide literacy mandates.
