Aspiring Leader Conference

We hosted an aspiring leader conference on February 15th. Attendance was not as strong as we would have liked, but the feedback we received was very positive. We will continue with hosting one-day training as opposed to multiple evening events.

I would like to thank the members of the MOESC team who facilitated a session during the event.

Non-Public Schools

Support and collaboration with non-public schools is ramping up. This is the time of year when schools consult with local non-public schools to plan services for FY25.

Student Leadership Conference

We hosted our second student leadership conference of the year. The conference served over 255 students and 20 adults.

Federal Programming

Amber Clay-Mowry and I will be attending the State conference for Federal programs at the end of March. Federal program support is one area of service that has expanded each year I have worked at MOESC. Attending the three day conference will strengthen our knowledge and skills.
