

**21st Century Community Learning Centers (21CCLC)
Reporting Updates:**

- The four Federal Annual Performance Reports due November 1st are complete.
 - State reports (University of Cincinnati) are in progress, with a submission deadline of December 1st.
 - Attended the Ohio Afterschool Network meeting. I have been asked to be on the newly formed public policy committee for 21CCLC.
-

Summer Learning and Opportunities Grant (SLAOG) - Summer III

- Nikki Jenkins has resigned, which may impact upcoming communication from the department.
 - Final Expenditure Reports are due December 1st.
-

Business Advisory Council

- The November meeting will be held at Stoneridge, featuring a presentation from Drive Ohio.
- Traci Oswald will serve as our new Business Leader Co-Chair; however, she will miss the November meeting due to a family illness.
- SOL Systems will provide a generous \$20,000 donation in April of 2025. These funds must be used on STEM, and girls in STEM.
- I attended the Governor's Statewide Workforce Committee. Key focus areas include Electric Vehicle infrastructure, repair, drones, and automated vehicles.

TurboCert Program

- Next week, there will be a podcast recording in collaboration with Nate Harvey from the Crawford Success Center to promote the program.
- FANUC robotics training is complete, and student visits are currently underway (led by Kevin Fourman).
- The Tomorrow Center will serve as a site for the next TurboCert cohort beginning January 2026, potentially accommodating up to 4 classrooms.
- We have acquired an additional robot from North Central State College (NCSC).

Board Update 11.12.24

Mid Ohio Educational Service Center
Director of Grants & Special Projects

- Work continues on the survey collection, though data from YouScience surveys is inconsistent, as not all schools have completed it with each student/grade level.
-

BCS Career Technical Education (CTE) Equipment Grant

- Weekly onsite visits at Bucyrus City Schools will be focused on capacity building during this planning year.
- An advisory group is being established for project oversight, planning for instruction, and professional development.
- We are identifying synergies between BAC activities and CTE grant initiatives to maximize resource utilization and impact.
