

CONFIDENTLY LEADING THROUGH
COLLABORATION, CUSTOMIZATION AND CREATIVITY

Board Report July 2025 Achievement & Leadership

Emergency Management Plan (update)

Our Emergency Plan is due to the state by September 18, 2025. The plan is complete and going through an internal review process. Our Threat Assessment Team members include Kevin Kimmel, Dave Jones, Mark Burke, Amber Clay-Mowry, and Candy Bores. All members of the team have earned their certification.

2025-2026 Services

Our services are sold in units. Each unit consists of approximately 36 days of service. At present, we have contracted 19.25 units of Gifted and Talented services, 22 units Leadership and Learning, and 35 days of services to our non-public partners.

We are currently 90 days short of staffing, which means Amber and I will be in the field more this year. We are thinking of creative ways to address this shortage, but we are confident that all clients and partners will be served.

OTES, OPES, and OSCES Trainings

Mid-Ohio Educational Service Center is offering required training sessions for those who will be evaluating teachers, guidance counselors, and/or principals.
