

February 10, 2026

Kevin,

I am writing to formally share that I am resigning from my role as Director of Grants and Special Projects, effective at the end of my current contract period.

This decision reflects a transition into a district-specific director role. I am pleased that I am not leaving the ESC, as I am grateful for Mid-Ohio and remain committed to our mission and those we serve. I see this transition as an evolution in how we work together moving forward, not as an ending.

I'm deeply thankful for the opportunity to lead and support so many meaningful initiatives during my time in this position. I am personally and professionally proud of the work we have accomplished alongside our districts, and with our business and community partners. Thank you as well for your leadership and your deep commitment to ensuring Mid-Ohio is an organization we can all be proud to represent.

Thank you again for the opportunity to be part of your leadership team, and for your continued support. I'm looking forward to staying connected and continuing to contribute to Mid-Ohio ESC's strong reputation and impact in this next chapter of my career.

Best,
