

Inspire today's youth to be the workforce of tomorrow through JA Inspire

JA Inspire is more than a career fair. It brings together local schools and the business community to help launch students into their futures. Through a pre-event curriculum and an immersive, in-person experience, students explore in-demand careers and gain insight into possible pathways.

At the JA Inspire event, students engage directly with business volunteers and participate in hands-on activities using real tools and workplace technology. They learn what jobs truly involve and begin to envision their place in the workforce. Employers play a key role in shaping and strengthening their future talent pipeline. Your business can be part of this experience and help prepare the workforce of tomorrow.

Why exhibit at JA Inspire?

As an exhibitor, you will:

- **Build Your Talent Pipeline:** Connect directly with more than 6,000 students from 70+ schools across North Central Ohio, increasing awareness of your industry and positioning your organization as an employer of choice for the region's future workforce.
- **Interactive Engagement:** Showcase your company through hands-on, career-focused experiences—bring equipment, tools, or simulations that allow students to “test-drive” real job tasks while sparking meaningful conversations about career pathways.
- **Employee Impact:** Offer your team a purposeful and rewarding volunteer experience where they can share their expertise, inspire the next generation, and play a direct role in shaping a stronger, more prepared local workforce.

Save the Dates!
