

CONFIDENTLY LEADING THROUGH
COLLABORATION, CUSTOMIZATION AND CREATIVITY

Board Report October 2026 Leadership & Learning

With the school year now well underway, our work has moved from planning into full implementation. Consultants are in classrooms, leadership teams are using data to guide decisions, and our regional networks are giving educators across Mid-Ohio a shared place to learn and grow together.

District Partnership Plans have been finalized with each district receiving literacy, math, or student-level supports. The plans set clear goals and check-in points and will be revisited throughout the year as needs change.

Serving All Learners: Literacy, Math, Gifted & Multilingual Learners (ML)

- Consultants are serving districts in a variety of roles, from implementing intervention systems and key legislative requirements such as Senate Bill 19 to providing in-class supports for all learners.
- Consultants are helping districts review gifted results from the newly released Ohio School Report Cards and update their gifted identification and service plans.
- Multilingual Learner tutors are working with students and coordinating with classroom teachers to support English language development alongside grade-level content.
- Representative consultants will attend the Ohio Association for Gifted Children and Ohio Teachers of English to Speakers of Other Languages conferences. They will choose sessions aligned to district needs and follow up with a “Conference Learning to Action” reflection.

Events & Engagement

- **C3 Adolescent Literacy Network:** Now in its 5th year, the network welcomed a new cohort of teachers from 12 schools and will host three learning sessions in October.
- **K–3 Literacy Network:** In its second year, the network has increased participating schools and expanded its focus to include math instruction. On October 6, teachers explored early reading and math research and how to apply it in their classrooms.
- **PreK Network:** Launched in October and led by consultant Danya Davis, the network brought together more than 20 regional PreK educators. The first session featured the Ohio Department of Children and Youth who provided updates on literacy and policy.
- **Art Teacher Network:** Art educators explored resources from the Ohio Department of Education and Workforce and learned from regional artists.
- **County Spelling Bees:** On October 22, we will host the spelling bees for Knox, Richland, Crawford, and Morrow counties.
